| Covid-19 Update

At MCM, we have a very small number of Omicron cases, none of which is serious (pupils, staff and parents) and there has been no increase in the rate of infection. We comply fully with the Ministry of Health requirement to isolate close contacts, which means that for every positive case there are roughly six individuals who are identified as close contacts and need to isolate. It is therefore excellent news that the Ministry of Health announced last night that the isolation requirements for people aged 18 and over will change from 1st March 2022 according to one's Covid-19 vaccination status and symptoms.

Please note that only those children who are identified as close contacts may need to isolate and parents will be contacted individually by the Health Centre here at MCM if their child is affected. The Health Centre nurse will also confirm the length of isolation. Of course, just because a child or member of staff is absent from school, it does not mean that they are positive; they are far more likely to be isolating in accordance with the Ministry of Health's regulations or they may be absent for another reason.

We are most grateful to everyone in the MCM community for being responsible and playing their part to reduce the risk of infection by regular household testing at home, matching the testing regime here on site for boarders and staff.

Vaccinations for pupils aged 5 to 11 years will be available in the Wykeham Hall on Sunday. We are grateful to all parents who have signed up for their children and have received letters confirming the time of their child's vaccination. We look forward to seeing you on Sunday.

Important Notice

Please note that Court will be closed to vehicles from 8.30am to 10am, Monday 28th February, Tuesday 1st and Thursday 3rd March.

We apologise for any inconvenience caused.

National Online Safety App

MCM has arranged for all our parents to have access to the National Online Safety App

We encourage all parents to watch this short video and make use of this excellent resource.

Wellbeing Blog

This week's blog is written by Mr Jones titled:

'Procrastination, focus, and letting your mind wander'.

Children's Mental Health Week

There have been numerous activities and lessons to increase awareness of Children's Mental Health.

[Read about it here](#)

During Children's Mental Health Week, it is only fitting that we celebrate the launch and sale of our very own MCM Mindful Colouring Book.
